EXPERIENCE

Wasabi Productions

Apr 2019–present

[Lead front-end developer](#) · Uppsala, Sweden

- Game client for online mahjong, built for the Chinese and Japanese markets.
- Took the product through every platform it has had: web, then Unity, now React Native on web and mobile.
- Pioneered agentic programming: built the cross-team AI harnesses, drove adoption beyond my team.
- Feature design, responsive UI, advanced Mahjong bot (4–5 Dan), bot swarm controller, automated QA.
- Worked directly with design, backend, marketing and investors, with an active say in what gets built next.
